INDEX TO VOLUME 52

PHYSICAL THERAPY

Pages in Physical Therapy are numbered consecutively from January through December. Pages in Volume 52, for the year 1972, are numbered 1 through 1376.

	Pages		Pages
January	1-132	July	721-816
February	133-248	August	817-912
March	249-368	September	913-1024
April	369-488	October	1025-1136
May	489-620	November	1137-1248
June	621-720	December	1249-1376

Subject Index

As far as possible, the subject headings of this index follow those of the Fifty-Year Index, thus providing the reader with consistency in categorization of reference material.

Administration

Criteria for justification of additional staff (Suggestion from the Field). Borba WF, Nelson DM. 52:1290-1291, 1972

Physical therapist's guide to better planned meetings. (Management Memo) Schleichkorn JS. 52:671-673, 1972

Principles of organization for physical therapy: Part I. (Management Memo) Zimmerman JP. 52:876-878, 1972

Principles of organization for physical therapy: Part II. (Management Memo) Zimmerman JP. 52:972-975, 1972

Ambulation Aids

Adaptation of a Lofstrand crutch for a below-elbow prosthesis. (Suggestion from the Field) O'Keefe T, Goodman WE. 52:749, 1972

Crutch modification for use with hip abduction appliances. (Suggestion from the Field) Sweigart JE. 52:946, 1972

American Physical Therapy Association

Amendments to Bylaws, June 1972. 52:1178, 1972

Guidelines for continuing education for components of the American Physical Therapy Association. Compiled by the APTA Committee on Continuing Education, October 1970, and approved by the Board of Directors, February 1971. 52:405-407, 1972

Policy on qualifications of persons who provide physical therapy services. Adopted by the House of Delegates, June 1972. 52:1071, 1972

Position paper: Standards in physical therapy. Adopted by the House of Delegates, June 1972. 52:916-917, 1972.

INDEX TO VOLUME 52

PHYSICAL THERAPY

Pages in Physical Therapy are numbered consecutively from January through December. Pages in Volume 52, for the year 1972, are numbered 1 through 1376.

Subject Index

As far as possible, the subject headings of this index follow those of the Fifty-Year Index, thus providing the reader with consistency in categorization of reference material.

Administration

Criteria for justification of additional staff (Suggestion from the Field). Borba WF, Nelson DM. 52:1290-1291, 1972

Physical therapist's guide to better planned meetings. (Management Memo) Schleichkorn JS. 52:671-673, 1972

Principles of organization for physical therapy: Part I. (Management Memo) Zimmerman JP. 52:876-878, 1972

Principles of organization for physical therapy: Part II. (Management Memo) Zimmerman JP. 52:972-975, 1972

Ambulation Aids

Adaptation of a Lofstrand crutch for a below-elbow prosthesis. (Suggestion from the Field) O'Keefe T, Goodman WE. 52:749, 1972

Crutch modification for use with hip abduction appliances. (Suggestion from the Field) Sweigart JE. 52:946, 1972

American Physical Therapy Association

Amendments to Bylaws, June 1972. 52:1178, 1972

Guidelines for continuing education for components of the American Physical Therapy Association. Compiled by the APTA Committee on Continuing Education, October 1970, and approved by the Board of Directors, February 1971. 52:405-407, 1972

Policy on qualifications of persons who provide physical therapy services. Adopted by the House of Delegates, June 1972. 52:1071, 1972

Position paper: Standards in physical therapy. Adopted by the House of Delegates, June 1972. 52:916-917, 1972.

Postconference Board of Directors meeting, June 16, 1972, Las Vegas, Nevada. 52:1169-1172, 1972

Preconference Board of Directors meeting, June 5-10, 1972, Las Vegas, Nevada. 52:1149-1158, 1972

Report of the Executive Director to the House of Delegates. 52:1166-1168, 1972

Report of the House of Delegates session, June 12, 14, 15, 1972, Las Vegas, Nevada. 52:1159-1165, 1972

Report of three-year study on the physical therapist assistant. 52:1300-1307, 1972

Standards for basic education in physical therapy. Adopted by the Board of Directors, June 1971. 52:521-525, 1972

Standards for physical therapist assistant education. Approved by the Board of Directors, June 1972. 52:948-949, 1972

Standards for the physical therapy practitioner. Adopted by the Board of Directors, February 1972. 52:647-649, 1972

Amputations

Bent knee pylon for the below-knee amputee. (Case Report) Pennell CR, Mayfield GW. 52:1051-1055, 1972

Functional habilitation of a phocomelus. Hartman LA. 52:514-517, 1972

Use of the Kinetron in the training of the below-knee amputee. (Suggestion from the Field) Savander GR. 52:286-288, 1972

What are the legal implications for a physical therapist applying an immediate postoperative rigid dressing, a cast change, or a preparatory plaster of Paris prosthesis to an amputee under the order and supervision of a physician? (What's the Answer?) 52:330-331, 1972

Anatomy (Functional)

Comparison of knee flexion and extension in the diagonal and sagittal planes: An EMG study. Snyder JL, Forward EM. 52:1255-1263, 1972

Electromyographic evidence of the acquisition of a motor skill. Payton OD, Kelley DL. 52:261-266, 1972

Maximal isometric tension of the elbow extensors at varied positions. Part 1. Assessment by cable tensiometer. Currier DP. 52:1043-1049, 1972

Maximal isometric tension of the elbow extensors at varied positions. Part 2. Assessment of extensor components by quantitative electromyography. Currier DP. 52:1265-1276, 1972

Maximum torque generated by the eccentric, isometric, and concentric contractions of the hip abductor muscles. Olson VL, Smidt GL, Johnston RC. 52:149-158, 1972

Quantitative analysis of knee motion during activities of daily living. Laubenthal KN, Smidt GL, Kettelkamp DB. 52:34-43, 1972

Arthritis

Plaster cuff-in splints to reduce knee flexion contracture in patients with chronic rheumatoid arthritis. Guess VA. 52:634-638, 1972

Wheelchair adaptation for patients with rheumatoid arthritis. (Suggestion from the Field) Seymour RJ, Schaberger A. 52:644-645, 1972

Behavior Modification

Integrating physical therapy with behavior therapy: A case study. Feldman MC, DiScipio WJ. 52:1283-1285, 1972

Multiply handicapped child motivated for ambulation through behavior modification. (Case Report) Chandler LS, Adams MA. 52:399-401, 1972

Social by-products of therapy with young children. Tyler N, Kogan KL. 52:508-513, 1972

Visually coordinated behavior. Hein A. 52:926-934, 1972

Burns

Expedient splinting of the burned patient. Lavore JS, Marshall JH. 52:1036-1042, 1972

Maintenance of function of the burn patient. Jaeger DL. 52:627-633, 1972

Cerebral Palsy

Quantitative evaluation of upper extremity activity in patients with cerebral palsy. Montgomery PC, Halpern D. 52:170-175, 1972

Chest Disorders

Acute respiratory care in the open heart surgery patient. Howell S, Hill JD. 52:253-260, 1972

Method for augmenting ventilation during ambulation. (Suggestion from the Field) Foss G. 52:519-520, 1972

Modified slant board and vibrator for independent bronchial drainage. (Suggestion from the Field) Plumstead AJ. 52:178-180, 1972

Postural drainage board. (Suggestion from the Field) Brown EJ. 52:646, 1972

Cold

Review of cryotherapy. Olson JE, Stravino VD. 52:840-853, 1972

Education

Clinical education: Interpersonal foundations. Ramsden EL, Dervitz HL. 52:1060-1066, 1972

Clinical education in the nursing home setting: Preliminary report. Anderson CT, Sawner KA. 52:639-643, 1972

Evaluation of behavioral change reported by participants in two types of postgraduate education programs. Wilhelm IJ. 52:751-757, 1972

Guidelines for continuing education for components of the American Physical Therapy Association. Compiled by the APTA Committee on Continuing Education, October 1970, and approved by the Board of Directors, February 1971. 52:405-407, 1972

Is the physical therapist assistant program an effective step for entry into the baccalaureate program? (What's the Answer?) 52:94-96, 1972

Should advanced first aid be mandatory in the curriculum of physical therapists? (What's the Answer?) 52:204-205, 1972

Standards for basic education in physical therapy. Adopted by the Board of Directors, June 1971. 52:521-525, 1972

Standards for physical therapist assistant education. Approved by the Board of Directors, June 1972. 52:948-949, 1972

Survey of the graduates of a professional physical therapy program. Conine TA. 52: 855-861, 1972

What direction should physical therapy education take in adequately preparing future physical therapists? (What's the Answer?) 52:447-451, 1972

Electromyography

Comparison of knee flexion and extension in the diagonal and sagittal planes: An EMG study. Snyder JL, Forward EM. 52:1255-1263, 1972

Electromyographic evidence of the acquisition of a motor skill. Payton OD, Kelley DL. 52: 261-266, 1972

Maximal isometric tension of the elbow extensors at varied positions. Part 2. Assessment of extensor components by quantitative electromyography. Currier DP. 52:1265-1276, 1972

Patient evaluation with an audio electromyogram monitor: "The muscle whistler." (Suggestion from the Field) Forward E. 52:402-403, 1972

Potentials evoked from the abductor digiti minimi muscle in the normal and neurologically involved hand. Urbscheit N, Bishop B. 52:500-507, 1972

Reciprocal interaction of muscles in the antagonistic flexion reflex of the intact hindlimb of the decerebrate cat. Sahrmann SA. 52:374-384, 1972

Voluntary control of single motor unit activity in the extensor digitorum muscle. Harrison VF, Koch WB. 52:267-272, 1972

Electrotherapy

Using two negative electrodes for simultaneous electrical stimulation of the opponens pollicis and the opponens digiti minimi. (Suggestion from the Field) Luebehusen HB. 52:404, 1972

Equipment

Adjustable prone standing table. (Suggestion from the Field) Hom C, Whistler B, Heisler K. 52:1058-1059, 1972

Bicycle pedal extensions for ankle exercise. (Suggestion from the Field) Smith WD. 52:181, 1972

Don't throw away that old wheelchair. (Suggestion from the Field) Olson V. 52:44-45, 1972

Easy-to-make hand exerciser. (Suggestion from the Field) Evans EE. 52:854, 1972

Modified slant board and vibrator for independent bronchial drainage. (Suggestion from the Field) Plumstead AJ. 52:178-180, 1972

Postural drainage board. (Suggestion from the Field) Brown EJ. 52:646, 1972

Simple, inexpensive weight cuff. (Suggestion from the Field) Cormack EO. 52:518-519, 1972

Spring-booster chairs for patients with muscular disability. (Suggestion from the Field) Young PT. 52:1286-1289, 1972

Wheelchair adaptation for patients with rheumatoid arthritis. (Suggestion from the Field) Seymour RJ, Schaberger A. 52:644-645, 1972

Gait

Gait characteristics of subjects with hip disease. Wadsworth JB, Smidt GL, Johnston RC. 52:829-839, 1972

Health Care

Impact of health care changes on physical therapy practice. Blood H. 52:7-13, 1972

Keynote address. Carey HL. 52:1141-1148, 1972.

New approach to health care—the health maintenance organization. (Management Memo) Zimmerman JP. 52:775-777, 1972

Heat

Effects of hot packs and exercise on local blood flow. Greenberg RS. 52:273-278, 1972

Hemiplegia

Ultrasound in treatment of painful shoulders in patients with hemiplegia. Inaba MK, Piorkowski M. 52:737-742, 1972

Hip and Knee Replacement

Management of patients with total hip replacement. Beber CA, Convery FR. 52:823-828, 1972

Walldius prosthesis: A total treatment program. Kluge LB. 52:26-33, 1972

Hydrotherapy

Efficacy of povidone-iodine in the disinfection of whirlpool baths and Hubbard tanks. Simonetti A, Miller R, Gristina J. 52:1277-1282, 1972

Microbiological evaluation of decontamination procedures for hydrotherapy tanks. Nelson RM, Reed JR, Kenton DM. 52:919-924, 1972

Whirlpool rim padding. (Suggestion from the Field) Krumhansl B, Winston O. 52:750, 1972

Mary McMillan Lecture

Past experiences project future responsibilities. Blair L. 52:493-499, 1972

Orthotics

Adjustable dorsiflexion splint. (Suggestion from the Field) Kun D, Caldwell RW. 52:289, 1972

Dynamic knee splint to prevent hyperextension. (Suggestion from the Field) Andersen CB. 52:944-945, 1972

Expedient splinting of the burned patient. Lavore JS, Marshall JH. 52:1036-1042, 1972

Plaster cuff-in splints to reduce knee flexion contracture in patients with chronic rheumatoid arthritis. Guess VA. 52:634-638, 1972

Physical Therapy

Don't mention it: The physical therapist in a death-denying society. Purtilo RB. 52:1031-1035, 1972

Extending the limits of rehabilitation—opportunities for the physical therapist. Owen S. 52:283-285, 1972

Is there any information on the utilization of

assistants who have been employed? (What's the Answer?) 52:581-582, 1972

Letter to the author of "What do you tell a twenty-year-old quad?" Makechnie GK. 52: 176-177, 1972

Must a physical therapist be on the premises when an assistant is treating a patient? (What's the Answer?) 52:787-789, 1972

On not turning out physical therapists: A critical issue for education in physical therapy. Michels E. 52:1292-1296, 1972

Policy on qualifications of persons who provide physical therapy services. Adopted by the House of Delegates, June 1972. 52:1071, 1972

Position paper: Standards in physical therapy. Adopted by the House of Delegates, June 1972. 52:916-917, 1972

Professionalization in a health occupation: Physical therapy. Senters JM. 52:385-392, 1972

Standards for the physical therapy practitioner. Adopted by the Board of Directors, February 1972. 52:647-649, 1972

Systems approach and analysis of physical therapy. Kennedy OG, McKillop AR, Rath GJ. 52:743-748, 1972

When the physical therapist serves as a consultant. Katcher A. 52:159-169, 1972

Physiology

Effects of hot packs and exercise on local blood flow. Greenberg RS. 52:273-278, 1972

Lung ventilation during diaphragmatic breathing. Shearer MO, Banks JM, Silva G, Sackner MA. 52:139-148, 1972

Reciprocal interaction of muscles in the antagonistic flexion reflex of the intact hindlimb of the decerebrate cat. Sahrmann SA. 52:374-384, 1972

Voluntary control of single motor unit activity in the extensor digitorum muscle. Harrison VF, Koch WB. 52:267-272, 1972

Prosthetics

Adaptation of a Lofstrand crutch for a below-elbow prosthesis. (Suggestion from the Field) O'Keefe T, Goodman WE. 52:749, 1972

Bent knee pylon for the below-knee amputee. (Case Report) Pennell CR, Mayfield GW. 52:1051-1055, 1972

Management of patients with total hip replacement. Beber CA, Convery FR. 52:823-828, 1972

Walldius prosthesis: A total treatment program. Kluge LB. 52:26-33, 1972

What are the legal implications for a physical therapist applying an immediate postoperative rigid dressing, a cast change, or a preparatory plaster of Paris prosthesis to an amputee under the order and supervision of a physician? (What's the Answer?) 52:330-331, 1972

Tennis Elbow

What is effective treatment, including physical measures, for tennis elbow? (What's the Answer?) 52:1091-1093, 1972

Tests and Measurements

Approach to the objective measurement of spasticity. Norton BJ, Bomze HA, Chaplin H. 52:15-24, 1972.

Documentation of hand function with the use of office copying equipment. Metcalf VA, Yeakel MH. 52:935-943, 1972

Hydraulic isometric force testing unit K-100. Mendler HM. 52:393-398, 1972

Maximal isometric tension of the elbow extensors at varied positions. Part 1. Assessment by cable tensiometer. Currier DP. 52:1043-1049, 1972

Maximal isometric tension of the elbow extensors at varied positions. Part 2. Assessment of extensor components by quantitative electromyography. Currier DP. 52:1265-1276, 1972

Quantitative evaluation of upper extremity activity in patients with cerebral palsy. Montgomery PC, Halpern D. 52:170-175, 1972

Therapeutic Exercise

Acute respiratory care in the open heart surgery patient. Howell S, Hill JD. 52:253-260, 1972

Bicycle pedal extensions for ankle exercise. (Suggestion from the Field) Smith WD. 52:181, 1972

Comparison of the hold-relax procedure and passive mobilization on increasing muscle length. Tanigawa M. 52:725-735, 1972
Easy-to-make hand exerciser. (Suggestion from the Field) Evans EE. 52:854, 1972
Effects of hot packs and exercise on local blood flow. Greenberg RS. 52:273-278, 1972
Management of patients with total hip replacement. Beber CA, Convery FR. 52:823-828, 1972
More effective use of wall pulleys. (Suggestion from the Field) Corbitt T. 52:1056-1057, 1972
Use of the Kinetron in the training of the below-knee amputee. (Suggestion from the Field) Savander GR. 52:286-288, 1972
Walldius prosthesis: A total treatment program. Kluge LB. 52:26-33, 1972
What has proven to be the most successful treatment program for a frozen shoulder caused by fracture, dislocation, or immobilization? (What's the Answer?) 52:682-683, 1972

Theses and Dissertations
52:58-79, 1972

Ultrasound

Ultrasound in treatment of painful shoulders in patients with hemiplegia. Inaba MK, Piorkowski M. 52:737-742, 1972

Ultraviolet

Clinical study of ultraviolet in various skin conditions. Taylor RB. 52:279-282, 1972
